

FERREIRA AD PROOF

Ferreira Service Inc. (FSI) is pleased to be GE Infrastructure Sensing's business partner in managing energy costs.

At the GE Infrastructure Sensing facility in Fremont, California, FSI reduced energy usage by \$180,000 per year with a one-year payback. (Guaranteed at the meter by FSI)

- "FSI met deliverables as promised."
- "Results are better than expected."
- "GE Infrastructure Sensing is looking to use as best practice."

**quoted from GE Infrastructure Sensing*

The Fremont, California facility reduced CO₂ by 993,000 lbs. a year.
